

CANDIDATE FOR BIGHORN-DESERT VIEW WATER AGENCY

NAME: TERRY BURKHART

OCCUPATION: Retired businesswoman

I have been a property owner in Johnson Valley for 14 years, a permanent resident for six. My background is 34 years commercial insurance underwriting, including water districts. I have sat on the boards of several business oriented entities, a number of times as president.. I understand how to implement the needs for leadership, vision, communication, and compliance with statutes, including the Brown Act, California's open meeting law.

We all require water to survive. The area encompassed by Big Horn-Desert View Water Agency includes a diversity of water delivery options. Methods of delivery vary by location, personal preference, and personal circumstances. The Agency's mandate is to make water available to everyone. We need to preserve our water.

I am fully cognizant of the needs and challenges of others in our communities. We must look to and plan for the future, while considering the welfare of all our residents. This will require a united vision, with no personal agendas.

I promise to return integrity and honest concern for your needs to Bighorn-Desert View Water Agency. YOUR VOTE FOR ME will be the first step. Thank you.
